During October 2010, the campaign received various donations (in the form of checks) totaling \$11,000 that were unintentionally not reported to the FEC. The campaign has identified checks representing \$9,000 of this total and has reported these contributions on the appropriate amended reports.

The remaining \$2,000 of unidentified check contributions has been reported as an 'Other Receipt' on Schedule A, Line 15 of the amended 12-day Pre-General report (10/1/10 - 10/13/10).

Effective January 1, 2011, additional safeguards and internal controls were implemented to prevent unintentional omissions like these from re-occurring.
